

# SEALIFE CD BORN IN DANVILLE

Celebrating the new release of their second children's CD "Sealife Songs," Danville's own "Sandi and Stevie" threw a cast party at their home recently. Inviting the children who performed on the CD including Grace Leer, singing sensation of American Idol Juniors and also from Danville, to hear the finished product before it went public, Sandi and Stevie hosted a delightful evening including a charming mini-performance. "Sealife Songs" was written and recorded by the dynamic duo just as they did their previous CD "Insect Songs", now an interactive show. "Insect Songs" is currently being performed at private parties, pre-schools, public schools and places such as the Oakland and San Francisco zoos, Fairyland, etc.

"Sealife" creators Sandi & Stevie.

Also attending the release party was Don Turney, producer of both CD's, and his wife Sharon Turney, graphic designer for them, two very talented people. If the name Turney sounds familiar, it is because Don is music director of Community Presbyterian Church. When he is not working for the church, Don operates a recording studio in Hayward where the children enjoyed the unique experience of professional recording.

If you would like to hear excerpts from "Sealife Songs" performed live by Sandi and Stevie and the children, you may attend a FREE performance on December 9th at the Veteran's Memorial Hall in

downtown Danville as part of Discover Danville's holiday entertainment. There will be four segments beginning at 6:00,

Sandi and Stevie celebrating the completion of their newest CD, with their cast. Top Row (L-R) Jack and Patrick Colton, Karissa Turney, Sandi Hunt, Alison Leigh Vance, Morgan Sherve, Jordan Hudson, Catherine Douglas Moran, and Kayla Turney. Kneeling (L-R) McKenna Guetersloh, McKenna Sherve, Grace Leer and Stevie Morgan.

6:30, 7:00 and 7:30. If you can't wait to hear "Sealife Songs", go to "This 'n That" or "Small-Fry Shoppe" in Danville to get your copy.

Sandi and Stevie with Don and Sharon Turney. Don was the arranger and engineer and Sharon did the illustrations and graphic designs for Sealife Songs.
